

## Technology Day Award - 2008

### **Natco Pharma Limited, Hyderabad has been awarded with National Award,**

For developing and commercializing five innovative and cost-effective, anti-cancer drugs under the Brand Name GEFTINAT for Non - Small Cell Lung Cancer, LETRONAT for Breast Cancer, NATFOST for Radiation Protection, ZOLDONAT for Bone Metastasis and BORTENAT for multiple myeloma. These are available with 3 to 10 times reduced cost over the imported brands which makes them both affordable and available to meet the requirements of the common man.

### **Lifecare Innovations Pvt. Ltd., Gurgaon has been awarded with Award to SSI Unit**

For developing and commercializing highly economic Liposome mediated Amphotericin B formulation under the Brand Name FUNGISOMETM i.v. for targeted delivery for treatment of Systemic Mycosis and Kala - azar. The liposomal drug developed and manufactured by the company is a superior substitute of the three imported drugs for systemic mycosis.

### **Prime Telesystems Limited, Delhi has been awarded with Award to SSI Unit**

For developing and commercializing the HDVSL (High Definition Video over Subscriber Line) standard and supporting technology stack for the delivery of interactive video over legacy and emerging cable, telephony and internet networks. The stack eliminates the requirement of a personal computer or set top box in the house through high end virtualization and facilitates Computer Telephone Integration (CTI).

Awards will be given annually on the **Technology Day i.e. 11th May**
